

TDH20P

series

Product Segments

• Ergo Motion

The TDH20P handset is equipped with two USB charging ports, which allows users to charge mobile devices directly from it without buying additional charging accessories. It possesses real-time height display, favorite position memory, safety lock and all other features just like other handsets that TiMOTION creates. A changeable side cover color enables a customized handset look for the office. The TDH20P is a perfect new option for customers who require a handy USB charger on their office desk.
