

TIP3

series

Product Segments

- **Industrial Motion**

TiMOTION TIP series-TIP3 is a 480W AC to DC power supply with a constant output voltage design. The TIP3 can work under the input voltage between 90 to 305V AC and provides the 30V DC output voltage.

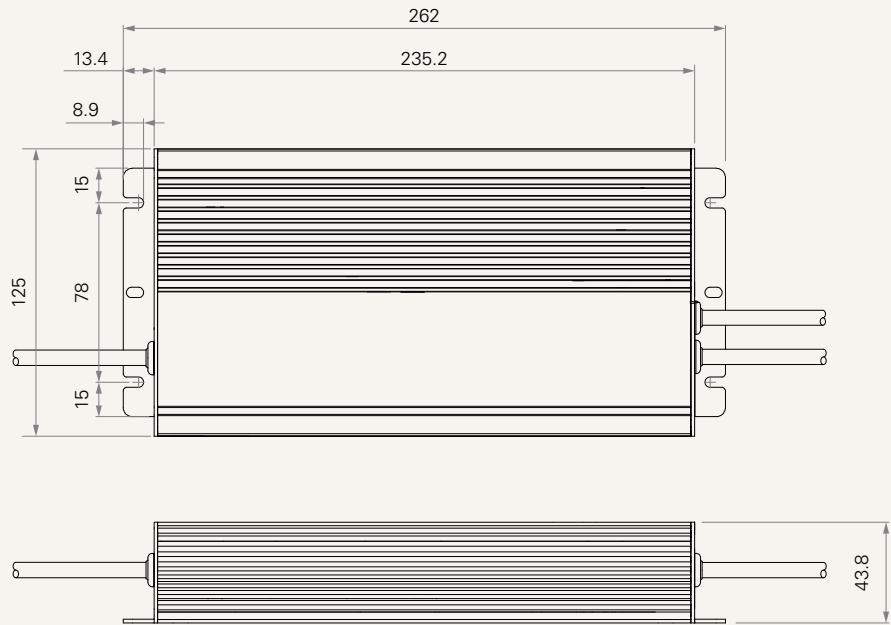

Its conversion efficiency rate is up to 95.5%. Therefore, it will not generate too much heat and can work in ventilated conditions. With a fanless design, TIP3 can also reduce noise. Its operational temperature is around -40°C to +85°C. TIP3 has a metal appearance and provides IP67 / IP69K protection suitable for either outdoor or indoor applications.

General Features

Transformer type	SMPS
Input voltage	90~305V AC
Max. output	54V DC, 8.9A
Plug support	EU, USA, AUS, UK, JPN
Color	Metal appearance with black cord
IP rating	IP67 / IP69K
Certificate	UL, KC, ENEC, PSE, CCC, CB, EMC, CE and UK Declaration
